I, _____ (print name) prefer to have an analog meter service for the above-mentioned account, in lieu of Coast Electric's standard electronic meter. I understand that for this privilege and to defray the additional expenses incurred by Coast Electric to read and maintain this non-standard meter, an additional monthly fee, as listed in Appendix A of Coast Electric's Service Rules and Regulations, will apply (currently \$46.00). I understand that the monthly fee may increase in the future and if so, I will be responsible for paying the increased amount. I further understand should I decide to receive electric service through an AMI meter in the future, that it is my responsibility to cancel this agreement, and that I will be responsible for any applicable charges related to the meter change.
