

## **SCHEDULE 8B** **CHURCHES**

### **Availability**

Availability to Churches only, for all uses including lighting, air conditioning, heating, and power, subject to the established rules and regulations.

### **Type of Service**

Single-phase and three-phase where available, at available secondary voltages. Customer shall be responsible for providing protection from single-phasing of three-phase loads.

### **Daily Rate**

Daily Service Charge: \$1.57

Plus: 9.275 cents per kWh for all kWh's

Plus: A Demand Charge of \$1.12 per kW of billing demand

### **Minimum Charges**

The minimum charge under the above rate shall be the daily service charge of \$1.57 multiplied by the number of days in the billing cycle plus \$1.12 per kW of billing demand.

### **Determination of billing demand**

The billing demand shall be the maximum kilowatt established by the customer for any fifteen (15) consecutive minutes during the month for which the bill is rendered, as indicated, or recorded by a demand meter, but it shall not be less than 5. The Cooperative may, at its option, install a KVA meter or other appropriate meter to determine KVA and base the kW requirement on 90% of the KVA requirement so metered.

### **Extension of Facilities**

In cases, where it is necessary to extend or reinforce distribution lines; service will be furnished only under the following conditions:

1. The customer shall give satisfactory assurance supported by a written agreement as to the character, amount, and duration of the business offered.
2. The customer shall guarantee minimum monthly revenue not less than 1/60<sup>th</sup> of the estimated additional investment required to extend service. This shall include the additional cost of meters, transformers, and any additions to or alterations of lines, and equipment necessary to make service available. Minimum charges for service shall be based on the additional investment only when this results in greater charges than those based upon the rate schedule minimum herein before provided.

### **Temporary Service**

Temporary service shall be supplied in accordance with the foregoing rate except that the customer shall pay, in addition to the foregoing charges, the total cost of connecting and disconnecting service less the value of materials returned to stock. A deposit, in advance, may be required of the full amount of the estimated bill for service, including the cost of connection and disconnection.

### **Average Delivered Power Cost**

To the total of the above charges for electric service under this rate schedule, there shall be added or subtracted an amount determined in accordance with the Association's Power Cost Adjustment Rider. A copy of the Power Cost Adjustment Rider is available at any office of the Association.

**Tax Expense Adjustment** To the total of the above charges for electric service under this rate schedule, there shall be added or subtracted an amount determined in accordance with the Association's Tax Expense Adjustment Rider. A copy of the Tax Expense Adjustment Rider is available at any office of the Association.

**Tax Clause**

To the total of all charges for electric service under this rate schedule shall be added the applicable existing Mississippi State and municipal sales taxes.

**Distributed Generation (DG) Clause**

For accounts that have an interconnected distributed generation system attached to the Association's electrical distribution system, there shall be added to the total of all charges under this rate schedule an amount as determined in accordance with the Association's Distributed Generation Rider.

**Terms of Payment**

The above rates are due and payable upon receipt.

**Effective: March 1, 2023**
